MEMORANDUM FOR: See Distribution

FROM: Chief, Legislation Division
Office of Legislative LiaisonSUBJECT: Fiscal Year 1985 Intelligence
Authorization Bill

1. Attached for your review is H.R. 5399, the Intelligence Authorization Act for Fiscal Year 1985, which was approved and ordered reported by the House Permanent Select Committee on Intelligence on Wednesday, 11 April. This same bill was scheduled for full Committee mark-up before the Senate Select Committee on Intelligence (SSCI) last Tuesday, 10 April, but the SSCI's discussion of our Central America activities preempted their consideration of the bill. The SSCI will reschedule full Committee mark-up of the bill for sometime after the Easter recess.

2. Other than the normal personnel ceiling and appropriation provisions, the attached bill has two substantive provisions which are of particular interest to the Agency.

In addition, Section 401 provides the Agency with authority to perform security functions similar to those currently performed by GSA special policemen at Agency facilities. Unlike our originally drafted provision which allowed the Agency to exercise those security-related authorities which were delegated to the Agency by GSA, this provision directly provides the Agency with these authorities independent of an actual GSA delegation of these powers to the Agency.
